BOOTS & BADGES – 2026

Heart Behind the Badge-Sac County is thrilled to announce we are hosting our inaugural Boots and Badges Country Concert, benefiting law enforcement officers and their families in the Sacramento County area. This event will take place on Saturday, September 26th at a private venue in Wilton.

Law enforcement is a family. And like other first responders, law enforcement deals with things “normal” people never have to deal with. Because of this, it’s important that officers and their families have the support they need to maneuver and survive their career. It has been shown that if officers believe their families are aware of the challenges they face, going home to the family is much easier than if the family is unaware, or fails to understand the realities of law enforcement work. Heart Behind the Badge helps to provide a support network for our families so that they can positively influence the law enforcement officer in their lives. We support the families and officers of local Sacramento County law enforcement agencies which currently includes the Sacramento Sheriff’s Office, the Rancho Cordova Police Department, the Sacramento County Probation Department, and the Sacramento State University Police Department. We have a Liaison from each Agency that sits on our board that helps open the lines of communication between us. We also work closely with the Law Enforcement Chaplaincy-Sacramento and the Sacramento County Deputy Sheriff’s Association.

People show up big when a line of duty death occurs and they should. But they don’t always show up during an officer injury/illness or a family member injury/illness. With our continued partnership with the above-listed agencies and organizations, we are made aware of officer/family needs that we can provide help for. Ways HBTB has provided support for our families include facilitating meal trains, house cleaning, and providing gift cards. We host an annual Treats with Santa event where we provide a safe and fun environment for our law enforcement families to gather with hot cocoa, cookies, donuts, crafts, and, of course, pictures with Santa. With help from our LE Chaplaincy making deliveries, we provide drinks and to-go snacks for all our LE divisions for Law Enforcement Appreciation Day and we shower our amazing Dispatchers with love during Dispatcher Week.

We are available as LE spouses/family members who understand what another LE spouse/family member is going through. We are available to meet for coffee, kids’ playdates, or just a chance to talk. We can also discuss other resources that may be available to our LE families.

Please consider supporting us and this event. Your contribution will have an incredible impact on our organization and will be **SUPPORTING THE FAMILIES OF THOSE WHO SERVE.**

Sponsor levels are attached. Please help us achieve our mission.

“We honor those who made the ultimate sacrifice in the line of duty, while supporting those who continue to serve our community and their families”
